

**LAKEVIEW MONTESSORI SCHOOL
EXECUTIVE DIRECTOR**

Lakeview Montessori School for thirty years has been serving children in Windsor-Tecumseh-Lakeshore. Lakeview is a unique school offering early childhood development programs from toddlers to kindergarten, an elementary school education to Grade 8, after school programs in music and tutoring and related services. The school serves an average of 200 students a year and has grown its curriculum and facilities to provide contemporary and vibrant learning environments.

Due to the retirement of the founding Executive Director, the Board of Directors is seeking a new Executive Director that will lead the organization in the development and delivery of quality curriculum and progressive learning experiences. The Executive Director reports to the Board of Directors and has two roles. The first is as the school's Principal responsible for the development and delivery of quality education and learning experiences that facilitate student success. The second is as the Executive Director responsible for organizational success involving attracting and retaining students, human resources, financial management and related functions, including sustaining Montessori School accreditations.

The new Executive Director will be an effective team leader committed to student achievement, and demonstrate entrepreneurial skills and management capacity. The selected person will have five to seven years of relevant leadership experience; a university degree in education, early childhood development or related fields; and have achieved or be willing to achieve Montessori Teacher Certification.
